JURY REPORT

The Jury of the 9th European Championship for Thematic Philately, under FEPA recognition, met in Verona on 21 and 22 November 2018 and duly assessed the 54 exhibits presented by exhibitors from 15 national Federations.

The Jury express its thanks to the Federazione fra le Società Filateliche Italiane, the Centro Italiano di Filatelia Tematica, and the Unione Collezionisti Olimpici Sportivi that with their support made possible the organization of this outstanding event, with the experienced assistance provided by the Associazione Filatelia e Numismatica Scaligera ensuring a nice working environment.

Its appreciation goes also to the German and Rhineland-Westphalia Philatelic Federations (BDPh & VDPPh), that kindly allowed to held this exhibition outside Germany.

The Jury thanks all exhibitors who made possible to set up a show of high philatelic significance, for the variety of themes, the quality of the philatelic material, and the strength of the thematic engagement. Their exhibits were assessed in a friendly and constructive cooperation, thanks also to the availability of the exhibitor to provide the scans of the exhibits well in advance. All decisions were taken unanimously in an harmonious atmosphere.

Finally, the Jury thanks Mr. Giacomo Bottacchi for his support as professional philatelic expert in examining doubtful items.
